

Mrs White AP Chemistry Daily Agenda Slides

Unit 2: Chemical Reactions

U2D1 September 2-3 (T/W)

Learning Target: What is a physical change? A chemical change?

Agenda:

- ~New Unit New Seats!
- ~Review Unit 1 Exam
- ~Complete U1 Exam Corrections
- ~Start U2 Notes and Practice- basics of chemical equations: phys/chem change, reactions, balancing, symbols, etc

Homework:

- ~Reflect on your why, be sad for a minute and then SHAKE IT OFF
- ~Find a time to complete corrections (if needed)
- ~Complete Pink packet thru pg 4 on your own (see Schoology for vocab words for fill in the blank for 2-3, Packet key is in Schoology)

U2D2 September 4-5 (Th/F)

Learning Target: What is Stoichiometry?

Agenda:

- ~How do we Stoich?
- ~Chemical Warfare.... Chemistry on the Open Seas!

Homework:

- ~How are your corrections?
- ~Finish through p 7 of your packet! Practice makes progress!
- ~Textbook Problem Set 1 posted
- ~Stoich Quiz 9/12-15
- ~Unit 2 Exam 9/18-19

U2D3 September 8-9 (M/T)

Learning Target: How do limiting reactants affect reactions?

Agenda:

- ~Warm up- [open this link on your chromebook and play the game](#)! Work with a partner if you like. Who can get the most stars in 10 minutes?
- ~Limiting Reactant Practice- Return of the RICE Table
- ~Types of Reactions

Homework:

- ~Finish through p 14 of your packet! Practice makes progress!
- ~Don't forget your textbook probs
- ~Quiz coming 9/12-15
- ~Lab 9/12-15
- ~Unit 2 Exam 9/18-19

U2D4 September 10-11 (W/Th)

Learning Target: What is a net ionic equation (NIE)?

Agenda:

- ~Warm up! WITH YOUR TABLE GROUP: come to consensus on MCQ#7-9 on p 11 of your packet
- ~Notes and Practice: precipitation reactions, net ionic equations
- ~POGIL: Net Ionic Equations

Homework:

- ~Finish the POGIL- due next time
- ~Finish through p 20 of your packet! Practice makes progress!
- ~Quiz coming next time!
- ~Lab next time! And the next time!
- ~Unit 2 Exam 9/18-19

U2D5 September 12-15 (F/M)

Learning Target: How can titration be used to determine quantities?

Agenda:

- ~Turn in your POGIL
- ~Quiz! Grab a calculator, periodic table and pink sheet
- ~Let's talk about Gravimetric Analysis and titration
- ~Lab: Molar Mass by Titration

Homework:

- ~Finish your Lab! Due next block.
- ~How's those textbook problems?
- ~Finish your packet! Practice makes progress!
- ~Lab next time, too!
- ~Unit 2 Exam 9/18-19

U2D6 September 16-17 (T/W)

Learning Target: How can gravimetric analysis be used to determine quantities?

Agenda:

- ~Are you ready for the exam?
- ~Lab: Gravimetric Analysis

Homework:

- ~Finish your Lab!- Google Form due by next block, paper part by 9/24-25
- ~Textbook Problems due by 11:55 pm night before exam- don't be late!
- ~Finish your packet! Practice makes progress!
- ~Unit 2 Exam 9/18-19
