

Unit 8: Atomic Theory and Periodicity

Tro Chapter 7 & 8

U7D9/U8D1 February 24-25 (T/W)

Learning Target: What is mass spectroscopy?

Agenda:

- ~Activity: Titration Curve Analysis
- ~Review: Chemical Warfare: Acid Base Style
- ~Notes and practice: Structure of an atom

Homework:

- ~Unit 7 Textbook Prob Set 2 due 11:55 night 2/25-26
- ~Unit 7 Exam 2 (of 2) next block (Lectures 4, 6.1, 6.2, 7)

U8D2 March 2-3 (M-T) -

Learning Target: What is an electron configuration? What is photoelectron spectroscopy?

Agenda:

~Warm Up: Grab a whiteboard and with a partner, write the electron configurations for:

Nitrogen

Neon

Potassium

~Lecture and Practice- follow along with the slides, then practice in the green packet

- Electron Configuration
- Orbital Diagrams
- Photoelectron Spectroscopy

Homework:

~Complete through e- config/orbital diagrams of your packet, come back with questions

~Quiz is scheduled for 3/12-13 (B/A)?

U8D3 March 4-5 (W/Th) – Mrs White Sub Days

Learning Target: Can properties of elements be predicted?

Agenda:

- ~Warm up!
- ~Watch [Unit Video 4 Periodic Trends Video](#) before Friday!
- ~How's that packet going?

Homework:

- ~Keep working the packet, come back with questions
- ~Quiz is scheduled for 3/12-13 (B/A)

U8D4 March 6 C Day (F) –

Learning Target: Can properties of elements be predicted?

Agenda:

- ~Warm up!
- ~How's that packet going?
- ~Photoelectron Spectroscopy

Homework:

- ~Quiz is scheduled for 3/12-13?
- ~Going to be absent 3/12 or 13?
- You can take it 1st or 2nd on 3/12 or after school 3/11 or 12
- ~Start your Bonding Flipped Lectures?

Cedar Ridge High School "C Day" Bell Schedule 2025-2026

1	9:00 – 9:45	
5	9:51 - 10:36	
2	10:42 - 11:27	
6	11:33 - 12:18	
3	A Lunch 12:18 – 12:54	1:00 – 1:48
	B Lunch 1:12 – 1:48	12:24 – 1:12
7	1:54 – 2:39	
4	2:45 - 3:30	
8	3:36 - 4:20	

U8D5 March 9-10 (M/T)

Learning Target: Can properties of elements be predicted?

Agenda:

- ~Warm up! Blooket!
- ~How's that packet going?
- ~Periodic Trends Notes and Practice
- ~Periodic Trend Haikus

Homework:

- ~Quiz is scheduled for 3/12-13?
- ~Going to be absent 3/12 or 13? You can take it 5th per on 3/12 or after school 3/11 or 12
- ~Start your Bonding Flipped Lectures?

U8D5 March 12-13 (Th/F) (B/A)-

Learning Target: What have you learned about atoms? What is ionic and metallic bonding?

Agenda:

- ~Unit 8 Quiz

- ~Continue Unit 9- Bonding

Homework:

- ~Bonding Unit Lectures- Quiz of lectures 1-4 on 3/23-24
