

2.6 Malthusian Theory Guided Notes

Overview of Theories Reading Notes

Intro Paragraph Notes	
Describe & Explain Malthusian Theory	
Describe & Explain Boserup's Theory	

Using graphic below: Note similarities (middle) and differences (outside middle) between the two theories

Reasons for Differences between the two theorists:

Lecture Notes

Who was Thomas Malthus?	
Malthus believed the population grew exponentially (geometrically) and food resources increased arithmetically. What does that mean?	
Explain Malthus' theory on population and the two different types of checks to population.	
Draw a graph representing Malthus' theory.	
How did Malthus' theory reflect society at the time? What were his views on the poor?	
Neo-Malthusians	

Discussion Question: Do you think Malthus' theory is still applicable today? Why or why not?
