

Day 33, Unit 3, November 27 & 28

Turn in Culture Stations (yellow packet) if you haven't already!

Agenda:

- 1.3.6 Contemporary Causes of Diffusion
- 2. Language DBQ/FRQ

Today's Objective:
Explain how historical & contemporary processes impact current cultural patterns.

Warm Up

— — —

Warm Up:

1. What cultural traits does he mention?
2. Which are accurate?
Which do you think are exaggerated?
3. How are the Amish a good example of folk culture?

**Cultural ideas & practices are socially constructed
(we create them) and change through both small-
scale and large-scale processes.**

- 
- 1. Globalization**
 - 2. Urbanization**
 - 3. Migration**
 - 4. Technological Advances**

These processes impact/affect culture through:

- 1. media**
- 2. politics**
- 3. economics**
- 4. social relationships**

— — —

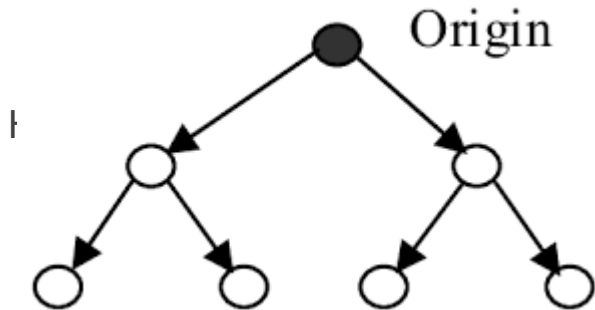

Globalization

- Globalization can be defined as **the increasing connection of economic, cultural, and political characteristics across the world.**
- *Time-space compression*
- Access to a variety of goods from diverse places
- Travel the world - art, architecture, food, etc.
- Internet
- Pop Culture
 - K-POP!

Urbanization

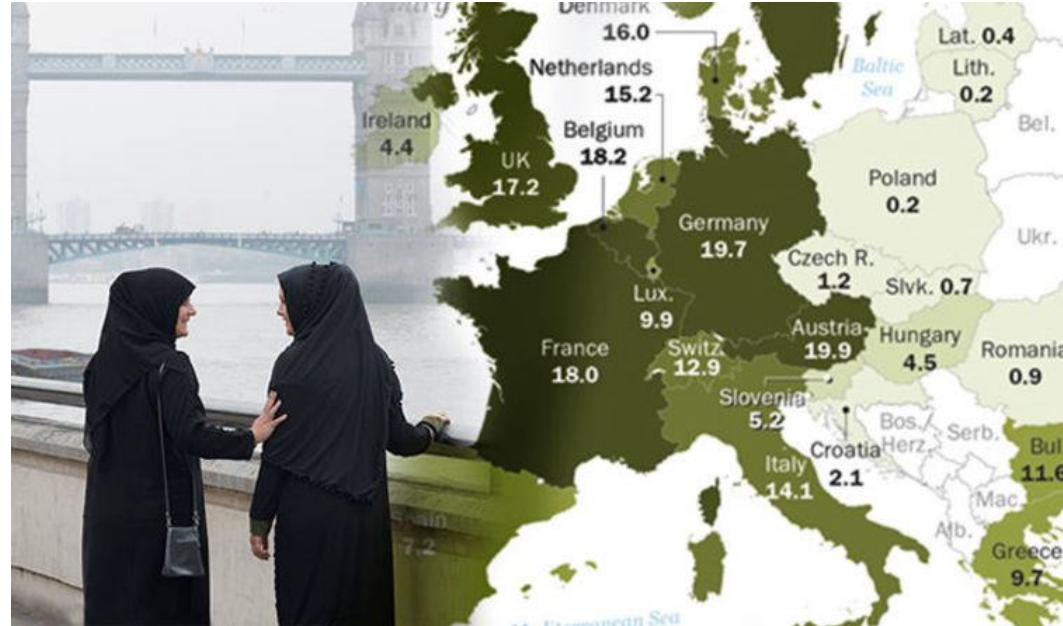

- Over 50% of the world's population lives in urban areas
- Rural → Urban
- Cities are centers of innovation (sometimes pop culture hearths)
 - wide variety of cultural elements in one city
 - Interaction with diverse

Migration

— — —

- Current migration patterns and refugees
- SW Asia (Middle East) and Northern Africa → Europe
- Long-distance migrants tend to settle in cities → minority clusters → ethnic neighborhoods/enclaves

Technological Advances

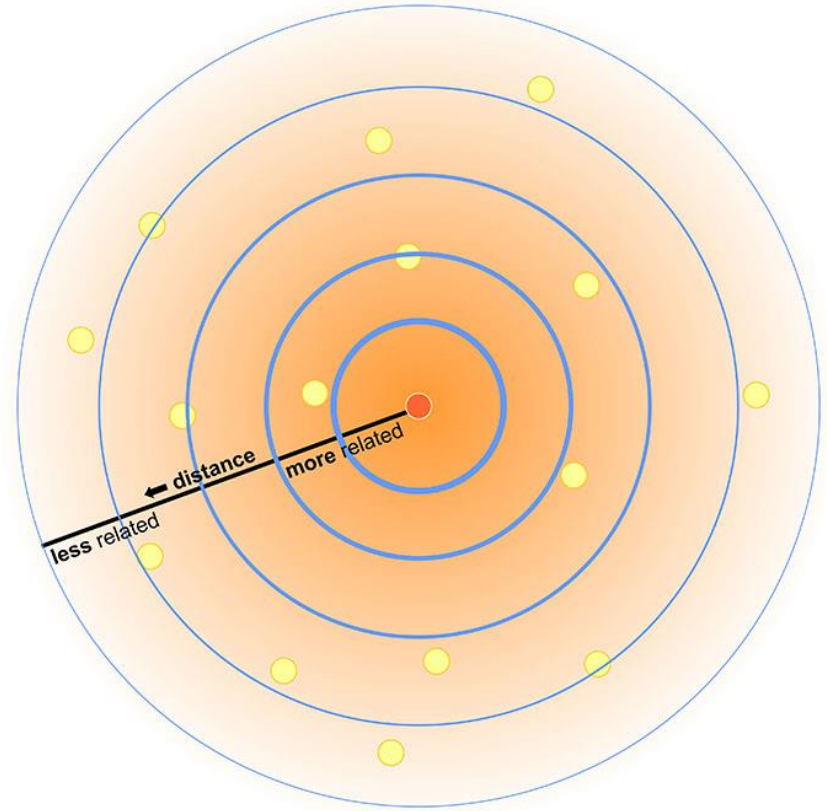

— — —

- Internet
- Smartphones
- Social Media
- Global news channels
- Leading to less cultural diversity

Cultural Convergence

- As cultures interact, they become more similar - share and adopt various traits
- Tobler's 1st Law of Geography: While all things on Earth are related to all other things, the closer things are to one another, the more they are related
- *Distance Decay*

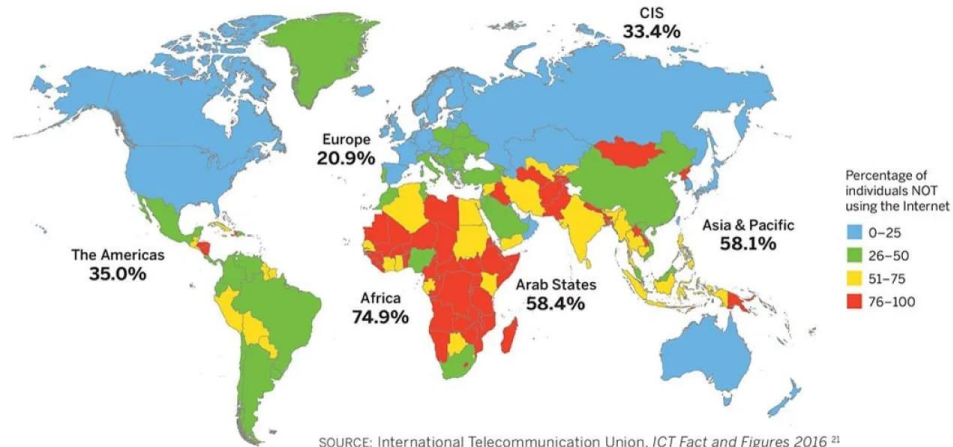

Cultural Divergence

- Conflicting beliefs or other barriers can cause two cultures to become less similar
- *Digital Divide*

World's Offline Population, 2016

MORE THAN HALF THE WORLD'S POPULATION IS NOT USING THE INTERNET

- Physical barriers: separate groups – development of different cultural traits
- Technological/Economic barriers: Digital Divide
- Cultural barriers: taboos or bans – McDonalds in India/Hinduism; Muslims and alcohol
- Political barriers: policies and borders – North Korea

In Amish Country, the Future is Calling

How's globalization and technology affecting the Amish culture? What's changing? What is not changing? WHY?

Finish DBQ/FRQ: How has the English language diffused around the world? (Day 32 folder)

DBQ: notes
quality answers

FRQ: Complete
sentences; 3-5
sentences; use
evidence from
documents to
support your
response &
reasoning
